

ROMAN

*Design Guide*

ROMAN<sup>®</sup>  
REFINED SHOWERING

At the heart of Roman is the desire to be the best.

It is Roman's vision to lead and innovate in the Showering industry. To design and manufacture top quality inspirational showering solutions, which offers choice for all markets.

To expertly manufacture our products in Britain, so they are designed and built to last and offer a lifetime of effortless showering for all. It is our aim to give all our customers exceptional value and service; this ethos runs throughout the culture of the business and cannot be imitated.

We are now certified as Carbon Neutral and we will constantly strive to further improve and enhance our environmental impact.

## Award Winning

Manufacturing & Innovation

Our products and ranges have won multiple awards including The Queens Award for Enterprise - International Trade, in 2017 and again in 2022.

We have also been identified as one of London Stock Exchange's 1000 Companies to Inspire Britain. We are extremely proud to be recognised as one of the UK's fastest growing and most dynamic small and medium sized businesses.

Roman is included in the FT1000, which is the list of Europe's Fastest Growing Companies, compiled by the Financial Times. We have also been awarded the Bathroom Safety Compliance Award 2018 by the NHIC.

Winner of Best Bathroom Product of the Year

The Queen's Awards for Enterprise: International Trade

Winner of the Bathroom Manufacturer Association Circular Economy Award November 2021

## Trust

Buy with Confidence

All Roman products are designed and created in the UK, offering the ultimate in quality, precision and craftsmanship. All Roman's manufacturing processes are carried out at our UK Manufacturing Plant and Headquarters and meet and exceed approved UK and European testing standards.

For complete peace of mind, all Roman Shower Enclosures, Wetroom Panels and Bath Screens are accompanied by a fully service backed Truelife Lifetime Guarantee.

Products Designed for All

All products are tested to EN14428

Toughened safety glass

All products offer exceptional levels of style and performance

Aluminium used is light, strong and requires minimal maintenance

# Liberty

## *Frameless Collection*

The Liberty Collection is freed from the shackles of traditional bathroom design, with its ultra-modern and minimalist focus.

The leading range really does offer endless design and solution options. The Liberty Sliding door system offers a genuine soft close system for the first time in shower enclosures. The secret lies hidden behind a plate inside the top rail. A heavy gauge spring system is activated when the 10mm or 8mm thick door is moving and the last 50mm of door movement, opening or closing, is taken over by the soft close system and it slowly, quietly, and elegantly takes the door to its destination.

The system itself is tested over 20,000 cycles and will control the door regardless of speed you open or close it.

**Please note:** Liberty corner products are designed to be installed onto Roman standard trays and wetroom floors. In the case of a tray installation; the tiles must not encroach the tray apron by more than 10 mm.

The adjustment range stated is the min-max product size.

1200 Alcove Fitting - Brushed Brass  
with Fluted Glass  
Left Hand Sliding Door: KT1D12FLBR  
Anti-Slip Tray: RSTG128

## Sliding Door with Fluted Glass

# Innov8

## *Frameless Collection*

The Innov8 Range encapsulates industrial chic with an elegant twist.

Innov8 Enclosures lead the way in minimal, inclusive and stylish design trends - presenting a refined collection.

Innov8's outstanding differential is the low threshold (reduced height of bottom rail), allowing level entry access into the Shower Enclosure.

# FastFix

S Y S T E M

SECONDS

PRE-ASSEMBLED

3

THREE STEP

## FastFix Assembly

now included on all Roman Sliding Door Enclosures

The FastFix Assembly system is designed so that the final mainframe installation is a 'slot and tighten' exercise, which can be done literally in seconds. Consequently, the main profiles effortlessly link together as the structure is assembled onsite. As much of the process as possible is now pre-assembled in the Roman factory to ensure that the final installation in the bathroom is simple, quick and easy.

## Level Access Sliding Door

### Features & Benefits

- Chromed brass handle
- Polished Chrome frame
- Optional bottom rail
- Easy release door function
- 25mm vertical adjustment in each profile
- Not reversible - left or right handing must be specific

### Technical Information

**Glass Thickness:** 8mm  
**Glass Type:** Clear  
**Total Height:** 1950mm  
**Width:** 1000, 1100, 1200, 1400, 1500, 1700mm  
**Side Panel Size:** 700, 760, 800, 900, 1000mm  
**In-line Panel Size:** 200, 300mm  
**Handing:** Reversible

The in-fold design of the Bi-Fold Door allows more usable space and minimal intrusion into the bathroom area. It is both practical and stylish, ideal for use in smaller bathrooms or where there may be obstructions outside the showering area, which need to be avoided.

## Bi-Fold Door

### Features & Benefits

- Chromed brass hinges and handle
- Polished Chrome frame
- 25mm vertical adjustment in each profile
- Reversible for left or right hand fixing

### Technical Information

**Glass Thickness:** 6mm  
**Glass Type:** Clear  
**Total Height:** 1950mm  
**Width:** 760, 800, 900, 1000, 1200mm  
**Side Panel Size:** 700, 760, 800, 900, 1000mm

SYSTEM

This One Door Quadrant is an ideal showering solution when side entry is more practical for the smaller bathroom. The high quality thick glass bows out to create an expansive 900mm usable space on the 800 x 800mm model and 1000mm of space on the 900 x 900mm version.

## One Door Quadrant

### Features & Benefits

- Chromed brass handle
- Polished Chrome frame
- 'Minimal' low profile seals
- Smooth running 'quick release' roller bearings
- 25mm vertical adjustment in each profile

### Technical Information

**Glass Thickness:** 8mm  
**Glass Type:** Clear  
**Total Height:** 1950mm  
**Size:** 800 x 800, 900 x 900, 800 x 900, 800 x 1000, 800 x 1200, 900 x 1200mm  
**Handing:** Reversible

This Quadrant features two sliding doors, which are an intelligent space saving tactic as they allow easy access to the centre of the curve. The contemporary two doors are ideal when space is at a premium as they do not project out into the room or into the showering space.

## Two Door Quadrant

### Features & Benefits

- Chromed brass handles
- Polished Chrome frame
- 'Minimal' low profile seals
- Smooth running 'quick release' roller bearings
- 25mm vertical adjustment in each profile
- Reversible for left or right hand fixing

# Wetroom Panels

## *Collection*

Wetroom shower panels are a more open alternative to a shower enclosure, which usually consist of just one glass panel. This can either be positioned in a corner or on a straight wall. Wetroom panels can be installed onto a shower tray, or installed straight down to floor.

Roman's unrivalled Wetroom Collection offers a variety of heights, shapes, glass thicknesses, colours and price points - with a multitude of design options to choose from.

## Liberty Black Grid

## Black Grid Mirrors

Our bold industrial style window mirrors will make a statement in any room. These mirrors encapsulate factory chic with an elegant twist presenting a fabulous accent for the industrial trend. The mirrors feature printed glass and are suitable to be used in any room including bathrooms. The mirrors are made with 6mm safety glass.

**Cleaning and care guidance:**

Treat them like any other mirrored surface, use a lint free cloth and a purposely manufactured cleaning agent, designed for mirrors. Don't use anything abrasive.

Practical & stylish storage

## HOTEL & PROJECTS

Roman's International team work closely with distribution and retail partners all over the world. The team has worked on a number of diverse Hotel, Residential & Hospitality Projects, which have been undertaken in a variety of different countries.

### OTHER BRANDS

## ALL WASTE IS SEGREGATED INTO RECYCLABLES & NON-RECYCLABLES

### TRAYS

Shower Trays and Basins are made from Roman Stone which is manufactured using natural materials – mostly recycled stone and resin. Roman Stone is easily recycled at it's end of life and can be reground and reused back at it's original value and purpose.

### ISO

14001 is a crucial pathway into sustainable manufacturing. It introduces the concept of measurement into every process and action. Targets and goals are constantly set to implement continuous improvement.

### CARBON NEUTRAL

Roman achieved carbon neutral certification from the Carbon Trust in 2021. Roman have achieved certification to cover Scopes 1, 2 and 3. Audits, measurement and ongoing Carbon reduction are embedded into all activity.

### MADE IN BRITAIN

All Roman products are proudly made in Britain and carry the Mark.

### CIRCULAR ECONOMY

Circular economy principles are embedded throughout Roman's supply chain which entirely focuses upon very high levels of recycling before and after the life of the product.

All Roman products are manufactured from recycled materials

All Roman Products can be easily recycled at end of life

End of life materials can be used again for production at their original value

### CE MARK

All Roman Products meet and exceed approved testing standards. A key facet of sustainability is adherence to Standards – this is often overlooked. The use of substandard materials or products simply means they will fail and need to be replaced.

### ALUMINIUM

100% of Roman aluminium is recycled material – empirically proven due to Roman's two aluminium plants.

### GLASS

Glass is currently running at 80% recycled content. This has moved sharply upwards over the last 5 years and we anticipate to be able to move to 100% over the next 3 years. Glass is extremely easy to recycle and reuse.

### PACKAGING

All packaging is manufactured from corrugated cardboard which is already 100% recycled before use and extremely easy to recycle after use.

In 2022 Roman physically returned and recycled 700,000 square metres of packaging.

### BRASS

All brass is 100% recycled material before use.

### UNGC

Roman is a committed member of the United Nations Global Compact and the Sustainable Development Goals are embedded in all processes.

### Recycling your product

#### Packaging

As an ISO 14001 Registered Company, Roman takes recycling very seriously at all levels. All cardboard is already manufactured from recycled paper, but our packaging itself is designed for recycling. Please ensure that the cardboard packaging is taken to a local cardboard recycling point or to a local recycling depot.

#### End of Life (EOL)

EOL recycling is taken into account from the initial design stages to ensure all aspects of the Roman products can be recycled for future use. The Aluminium, Brass Alloys, Glass (and Solid Surface Material with Roman Stone Trays) can be easily recycled at your local Licensed Recycling Centre (LRC). If you are unable to access an LRC, then Roman can arrange to coordinate a pick-up of your product for a modest transport charge.

Roman's Bespoke Service allows you to build a made to measure Shower Enclosure, Wetroom Panel or Bath Screen, to perfectly suit your available space.

Send us your showering area and ideas and we can help you create a unique environment for yourself.

- Made to measure items which fit almost anywhere
- All products made in accordance with your own measurements
- We endeavour to provide fast and efficient answers to all your questions
- Cost effective solutions
- Many designs to suit all tastes
- Measure and fit service available

**Bespoke Services available:**

- Reduced height
- Reduced width
- Clear, frosted or printed glass
- Angled/Shaped glass

To order a Bespoke Service all you have to do is simply choose which product you would like, then follow these six easy steps:

1. Take your drawings to your nearest retailer who will fax them to Roman. For your nearest retailer contact Roman Customer Relations on 01325 328033 or visit [www.roman-showers.com](http://www.roman-showers.com)
2. Roman will then send a quotation to your retailer for them to discuss with you
3. If you are happy with this quotation Roman will produce a drawing to illustrate what your final product will look like. Note: Roman will make all drawings in accordance to your measurements and unless otherwise requested, an adjustment allowance will be included. Please specify your adjustment allowance prior to ordering.
4. Roman will then fax the drawing to your retailer who will pass this on to you. This drawing will be in the form of a fax back agreement for you to sign\*.
5. Once Roman receives the agreement work will begin on your product.
6. You will receive your product within 5-6 weeks.

\*Once this agreement is signed you will be liable for any changes should you cancel your order.

# Consumer Guide

Roman shower enclosures have been tested and fully conform to the scope and relevant characteristics of BS EN14428:2015 (Shower Enclosures - Functional requirements and test methods), to meet the requirements of the mandate given under the EU Construction Product Directive (89/106/EEC).

As a result of full compliance to the directive and harmonized standard; Roman shower enclosures carry the 'CE' mark and are accompanied by a declaration of performance. (Available to view on [www.roman-showers.com](http://www.roman-showers.com))

The CE marking indicates Roman shower enclosures conform to all essential requirements of European health and safety and environmental protection legislation. The conformity is mandatory, and allows Roman products to be legally placed on the market anywhere in the European Economic Area.

Any newly manufactured products from the 1st January 2021 will have the new UKCA mark applied as per government guidelines.

The UKCA (UK Conformity Assessed) marking is a new UK product marking that will be used for goods being placed on the market in Great Britain (England, Wales and Scotland). It covers most goods which previously required the CE marking.

Please note: this will only apply to any new products manufactured from 1st January 2021, any products held in stock will still be able to display the CE mark.

Additionally all Roman trays fully conform to EN14527:2016.

## Important Product Details

- Enclosures and screens carry a Lifetime manufacturer's guarantee if products are installed according to the installation instructions - see guarantee criteria to the right.
- Simple and clear installation instructions are included with all Roman Products.
- Roman products are available for Virtual Worlds design service. For more information contact Roman Customer Relations on 01325 328033.
- Any guarantee variations are indicated separately.
- All guarantee forms supplied with installation instructions must be completed and returned to Roman within 60 days to validate the lifetime guarantee otherwise only a statutory 12 month guarantee will apply.
- All Roman Bath Screens and Enclosures are manufactured using toughened safety glass which complies to BSEN12150.
- All Roman Bath Screens and Enclosures are tested in accordance with BSEN14428 - shower enclosures, functional requirements and test methods.
- Roman's toughened glass is completely safe for use in our shower enclosures and bath screens; providing our products are installed according to our guidelines.
- It is important to note, that the glass must not be mounted or 'pinched' in such a way that would cause a stress point to develop in the glass. In addition, it must not be subjected to any sharp impact or severe temperature fluctuation which may also cause a stress point to develop in the glass.
- Roman's toughened glass is physically and thermally significantly stronger than standard glass. However a significant impact (or stress as outlined above) can cause toughened glass to break. In the event of breakage, toughened glass will break safely into small fragments in line with all relevant standards.
- All heights quoted for enclosures and bath screens are from the top of the shower tray or bath.
- All fixings are hidden on Roman products.
- The term "Silver" and "Nickel" describes the colour of the aluminium finish. No silver metal is included in any Roman products.
- All fixings and pivot pins are manufactured from stainless steel - this adds great strength and durability to Roman products.
- All seals and gaskets on Roman products are manufactured from colourless PVC.
- Roman over-bath products are not designed for baths with shaped or stepped fronts or integral soap dishes.
- The design rights of these products are owned by Roman Limited. All rights reserved.
- Roman recommends only the use of Roman Trays with Roman Shower Enclosures.
- For compatibility of Roman enclosures with steam generators please contact Roman Customer Relations for advice on 01325 328033.
- Where indicated that products are suitable for use with steam generators, this refers to the performance of the product components. We do not however suggest that the product will have complete steam integrity.
- Due to the nature of wetroom panel products, water integrity cannot be guaranteed. Please consult your installer.
- We make every effort to ensure that your product reaches you in perfect condition. However, please be advised that all toughened glass panels are not covered by our guarantee if installed incorrectly or are subject to misuse. Roman's toughened glass is physically and thermally stronger than standard glass. However any significant impact may cause the glass to shatter in as safe a manner as possible and in accordance with the British and European standard (BSEN14428).

## Guarantee

Roman Ltd. guarantees all Shower Enclosures, Bath Screens and Roman Solid Surface Trays against faulty materials or manufacture for LIFE, provided they have been installed, used and maintained in accordance with our instructions. All Roman product guarantees must be completed and returned within 60 days of purchase to validate the relevant guarantee. Failure to meet this deadline will result in a statutory 1 year guarantee on all products.

Should a claim arise, Roman Ltd. Customer Relations will investigate the issue. As part of this investigation we request that the following conditions be satisfied:

1. Proof of purchase at the time of the claim.
2. The guarantee applies to the original purchaser only and is non transferable.
3. The product has been fitted/installed in accordance with Roman Ltd. fixing instructions, local bylaws and general good plumbing practice
4. The product has been maintained and cared for in accordance with our instructions (including regular and appropriate cleaning).

If in our opinion the product has been modified, misused, neglected, wilfully or accidentally damaged, we can accept no responsibility for failure. Roman Ltd. or its representatives must be given the opportunity to inspect the product in the installed condition. Callouts may be chargeable depending upon circumstances. Should any products included in the Lifetime guarantee be used for Commercial use i.e. leisure clubs, schools, hospitals, student accommodation, hotels or residential homes, only a 5 year guarantee will be applicable.

If in our opinion the product fails due to faulty materials or manufacture and that the conditions above have been met, Roman Ltd. will arrange for a specialist Roman Technical Sales Representative to repair or replace that item at our option.

Roman Ltd. believes in continuous improvement. If in our opinion the product has failed under the terms of the Guarantee and a replacement is offered but identical goods are no longer available, Roman Ltd. will endeavour to replace it with our nearest equivalent product. For countries outside of the UK and Republic of Ireland, where a product has failed due to faulty materials or manufacture, a replacement product or product part will be offered only.

Should Roman Ltd. carry out work as a result of a claim but subsequently it is revealed that the product has been abused or improperly installed, we reserve the right to charge the customer for the expense incurred.

The liability of Roman Ltd. is limited to the product supplied by Roman Ltd. and does not extend to consequential loss or damage arising from the defective product.

This Guarantee, which is effective for products purchased after February 1st 2006, states our entire liability and is offered to customers acquiring our products as consumers, not in the course of trade or business. Ex displays or products reinstalled from their original position are not covered under this guarantee.

Non glass or metallic parts (e.g. seals) are subject to normal wear and tear through usage and are therefore covered on all products for 1 year from installation. Roman products not included in the Lifetime Guarantee are Roman Acrylic Trays which are covered for 1 year.

Roman Ultra Care pre-coat is not covered by this guarantee and it must be maintained by applying Ultra Care from a bottle on an ongoing basis.

Commercial projects with specific guarantee requirements can be subject to negotiation and agreement on a project by project basis. Any such agreements must be confirmed in writing prior to product supply or commencement in project works.

This guarantee does not affect your statutory rights. This guarantee is wholly applicable in the U.K. and Republic of Ireland – export conditions as indicated
