BATHROOMS REIMAGINED

Reimagined by you,
Designed by us

With over 45 years' experience, SONAS have evolved into a leading brand and designer of bathroom products. Our story has only been made possible due to the incredible people involved with SONAS, from our staff to our customers and the communities within which we operate. Cultivated by a culture of curiosity and exploration, our product development team are driven to innovate and continuously reimagine bathrooms. Our product ranges have been meticulously considered to ensure you get the highest

level of quality, style and unparalleled design that reflect the latest trends. At SONAS, we know that your story and experience are unique to you. Our customer experience team are always at hand to advise and assist you while your experience is taking place and, even more importantly, after it's over. With a dedicated after sales team, we believe that once you're a customer, you're a SONAS customer for life. So, let's start your story and reimagine what's possible for your bathroom.

PLANNING YOUR BATHROOM

Here at SONAS, we understand that undertaking a bathroom project can be a little daunting. So, we've outlined five simple steps to help you get started and to reimagine your dream bathroom!

1 Research and Inspiration

Before diving into your bathroom project, take the time to do thorough research and gather inspiration. Exploring various sources of inspiration will not only help you reimagine your dream bathroom but also provide valuable insights into the latest trends and design ideas. Start by browsing home improvement magazines, websites, and social media platforms that showcase stunning bathroom renovations. Our Styled by SONAS magazine will give you some great ideas on the latest design trends.

2 Colour

Look for different colour schemes, fixtures, materials, and layout arrangements that catch your eye. Pay attention to the overall mood and ambiance created by various colour combinations. Colours play a pivotal role in bathroom design, setting the tone and atmosphere.

Lighter colours, such as whites and pastels, create an airy and tranquil feel, ideal for small bathrooms or those lacking natural light. On the other hand, bolder colours like deep blues or rich jewel tones can add a touch of drama and sophistication to larger spaces. Consider the colour psychology behind different shades as you choose your bathroom's colour palette. Warm tones evoke a cosy and welcoming vibe, while cooler hues like blues and greens promote relaxation and serenity.

Additionally, explore the use of contrasting colours or complementary colour schemes to add visual interest to your bathroom. For instance, pairing soft blues with warm wooden accents can create a striking and modern aesthetic.

Pay attention to the colours of fixtures and accessories as well. Consider the finishes of taps, accessories and radiators and how they interact with your chosen palette.

3 Design and Layout

Design and layout are significant aspects of any bathroom renovation project. Consider the size and shape of your bathroom and explore various layout options to optimise the available space. Think about the practicality of fixtures, placement of storage, and the flow of movement within the room.

Choose a design that reflects your personal style while maintaining functionality. Remember, simplicity is key. Focus on timeless design elements and durable materials that will withstand the test of time and won't require frequent updates. Pay attention to lighting, colour schemes, and fixtures, as these details can greatly enhance your overall bathroom experience.

4 Budget

Setting a realistic budget is crucial when planning your bathroom renovation. Determine how much you can comfortably spend and allocate funds for each aspect of the project – including materials, labour, and unforeseen expenses. Prioritise your must-haves and be prepared to make compromises if necessary. Remember to factor in additional costs, such as permits and professional fees. By creating a budget and sticking to it, you'll have a better understanding of what's financially feasible and avoid any unwelcome surprises as the renovation progresses.

5 Installation

When it comes to installation, it's essential to select reputable professionals who specialise in bathroom renovations. Seek recommendations from friends, family, and online review platforms to find qualified contractors and plumbers. Obtain multiple quotes and compare their expertise, prices, and timelines. Once you've chosen your team, establish clear communication channels and discuss the project's details to ensure everyone is on the same page. Regularly check in on progress, ask questions, and address any concerns promptly. Working with professionals will minimise stress and ensure a smooth process from start to finish.

By following these 5 steps, you can ensure a smooth and successful project from start to finish. With proper planning, you will be well on your way to creating a bathroom that perfectly suits your taste and needs.

Happy planning!

as focal design features, shaping the overall look and feel of your bathroom. With full extraction drawers, maximize your storage capacity and keep your essentials organised and easily accessible.

Elevate your bathroom to new levels of style and convenience with our exceptional furniture collection, where functionality and design seamlessly merge to create a bathroom that is both practical and visually stunning.

Explore endless possibilities and transform your bathroom into a space that is uniquely yours.

Bathroom Furniture Guide

When it comes to designing your bathroom, your choice of bathroom furniture can make a world of difference. Remember, your bathroom furniture should not only be functional but also complement your design preferences. Whether you have a spacious bathroom or a compact one, this comprehensive guide will help you navigate through various furniture options, styles, and tips to make the most of your space.

Wall Hung

An excellent choice for modern bathrooms, wall hung units offer elegant design while also maximising floor space, which can be especially useful in compact bathrooms. With flexibility in installation, you can set the vanity unit at a height that suits you and your family's comfort, ensuring a personalised and ergonomic experience.

Floorstanding

A classic choice that marries timeless aesthetics with practicality, floorstanding furniture works well in both traditional and contemporary bathrooms. Offering ample storage, one of the key benefits of choosing these units is the possibility of concealing unsightly plumbing work, which creates a clean and polished look for your bathroom.

Countertop

For those seeking to infuse modernity and sophistication into their bathroom design, countertop units are the perfect solution. Allowing you to create a truly personalised bathroom space, their defining feature is the washbasin sitting atop the countertop. Giving you the option to complement your design with different sizes, shapes and colours of basins.

WC Unit

WC units are known for their clean and minimalist design, making them a popular choice for modern bathrooms. These units discreetly conceal unsightly pipework offering a sleek and practical solution for incorporating a back-to-wall toilet in your bathroom. Select a colour that matches your bathroom's style and cleverly add shelf space for your bathroom's finishing touches.

Cloakroom

Ideal for smaller bathrooms, cloakroom units are specifically tailored to make the most of limited space while providing essential functionality. Combining a basin with storage, they provide a place to store toiletries and other bathroom essentials neatly. Despite their small size, cloakroom vanity units come in various styles and designs to complement your bathroom decor.

Wall Columns

When it comes to enhancing bathroom storage, wall column units prove to be a versatile and valuable addition. Their vertical design draws the eye upward, creating an illusion of a taller and more refined space. Designed to maximise storage, in smaller rooms or bathrooms with limited floor area, they become lifesavers by efficiently using the often-underutilised vertical dimension.

SONAS

SCANDINAVIAN COLLECTION

The SONAS Scandinavian Collection comprises seven distinct furniture ranges inspired by the natural landscape of the region. Together they represent clean, simple lines, and minimalism. Our designers have achieved both enhanced functionality and form. Within the Scandinavian collection explore the range of distinctive finishes and the alternative options of integrated or countertop basins with either gloss finish first class ceramics, or matt solid surface resin basins. The choice of muted dark hues, light neutral colours, and warm colours, creates a feeling that is warm and inviting.

MIRRORS

Reflect your style with our stunning range of bathroom mirrors and discover the transformative power of a well-designed mirror. Not only do mirrors add functionality to your daily routine, but they also contribute to the overall design and ambiance of your space, reflecting your unique personality.

Our range of mirrors goes beyond the ordinary, offering integrated lighting options that enhance both practicality and aesthetics. Choose from direct lighting for focused illumination or ambient lighting for a subtle and relaxing atmosphere. Illuminate your bathroom in a way that suits your needs and creates the perfect ambiance.

With a variety of shapes and sizes to choose from, our mirrors allow you to find the perfect fit for your bathroom. To truly personalise your space, our mirrors are also available in stylish colours such as matt black and brushed gold, creating a harmonious blend with other fixtures in your bathroom.

Upgrade your bathroom with a mirror that not only serves its purpose but also adds a touch of elegance and sophistication. Transform your space into a reflection of your style and personality. Explore our exquisite range of bathroom mirrors and let your design vision come to life.

Mirror Features Guide

ENERGY EFFICIENT LED
(light-emitting diode) bulbs are more energy efficient and durable than standard light bulbs, often enabling up to 35,000 hours of use.

COLOUR TEMPERATURE CHANGE
A lower colour temperature produces a warmer, more relaxing glow while a higher colour temperature displays a cooler brighter light.

DIRECT LIGHT
Designed with an LED light source facing outward, front-lit mirrors are particularly beneficial for tasks that require precision, such as shaving or makeup application.

AMBIENT
Light is projected indirectly creating a multisensory bathroom experience. The LED source emits a soft, diffused light that helps to create a warm and inviting atmosphere in the space.

TOUCH SWITCH
A mirror feature that allows you to control various functions of a mirror, such as lighting and defogging, with a simple touch on the control buttons.

INGRESS PROTECTION RATING
IP rating refers to the level of protection that electrical and electronic equipment, have against solid particles and water. An IP44 rating means your product is protected from solid particles over 1mm in size and low velocity water sprays.

DEMISTER
The integrated pad that gently warms the mirror's surface, preventing the buildup of steam and condensation, leaving your mirror fog free.

PORTRAIT & LANDSCAPE
Allows you to customize the orientation of your mirror to suit your bathroom layout and design preferences.

BLUETOOTH CONNECTIVITY
Wirelessly connect to other Bluetooth-enabled devices and enjoy your favourite music while you prepare for the day.

USB
USB ports provide a convenient charging solution for your devices such as smartphones and tablets. Allowing you to keep your gadgets powered up while you carry out your daily routine.

SOFT CLOSE
Soft close technology allows cabinet doors to close softly and slowly, preventing them from slamming shut.

ZONES
Bathrooms are divided into zones based on their proximity to water sources. These zones determine what types of appliances are allowed, and to what degree they need to be protected against water.

Bathroom Zones

Bathroom electrical zones are defined areas in a bathroom that determine the type of electrical devices and their installation requirements to ensure safety. These zones are classified based on proximity to water sources

ZONE 0

Represents the areas inside the bath or shower tray.

ZONE 1

Represents the area above the bath or shower tray up to 2.25m.

ZONE 2

Represents the area 60cm outside of Zone 1.

OUTSIDE ZONES

Outside zones represent areas which fall outside of Zone 0, 1 and 2.

ECHO

Welcome to the world of Echo mirrors, where beauty and functionality merge to create a unique and transformative experience for your home. The range features five distinctive shapes: Round, Rectangular, Eclipse, Segment and Arena, each with its character and style. The mirrors create a soft and calming halo of lighting, allowing you to get a clear view of your reflection without any harsh shadows.

Powered by Samsung LEDs, with high performance and high efficiency, they optimise energy consumption making the lighting more sustainable.

So go ahead, choose your mirror, and let the Echo range reflect the best version of you.

With a rimless design, our toilets eliminate hidden, hard-to-reach areas where dirt and germs can accumulate, ensuring a cleaner and more hygienic bathroom experience.

Our commitment to sustainability is reflected in our low flush volumes of just 4/2.6 litres, reducing water consumption and contributing to climate control efforts. Embrace versatility with our wide range of designs and colour options, allowing you to personalise your bathroom, reflecting your unique style and personality. Experience the perfect blend of cutting-edge features, sustainable values, and exceptional design with our extraordinary sanitaryware collection. Elevate your bathroom to new heights of style, hygiene, and eco-consciousness.

Sanitaryware Guide

BASINS

Semi Pedestal Basin

Semi Pedestal Basins are wall hung basins secured to a supporting wall. They conceal pipework that returns through the wall with a semi pedestal that does not reach the floor. These basins provide your bathroom with more floor space.

Full Pedestal Basin

Full Pedestal Basins are attached to your wall. Equipped with a floor mounted pedestal, these basins provide a shroud to conceal your pipework and easily harmonise with the rest of your space.

Countertop Basin

Countertop Basins positioned on top of a countertop unit or shelf are best paired with a tall basin tap, or wall mounted tap. The SONAS range of countertop basins are available in a variety of colours, shapes and sizes.

Close Coupled – Open Back

A Closed Coupled Open Back style WC has the pan and cistern closely coupled together with the necessary clearance space for your waste pipe. This provides more flexibility for your pipework and can be easily accommodated within most bathrooms.

Close Coupled – Fully Shrouded

A Closed Coupled Fully Shrouded toilet has the pan and cistern closely coupled together. In this design, the pan is seen to meet with your wall. This allows you to conceal your bathroom pipework.

Back To Wall

Back To Wall toilets are a great space saving technique. The main difference between this style and the Closed Coupled toilet is that the cistern is concealed behind your bathroom wall, or placed in a furniture WC unit.

Wall Hung

Wall hung toilets are installed by mounting them on the wall, resulting in a more spacious bathroom layout. To install them, a sturdy fast fix frame is placed behind the wall, which can support up to 400kg of weight. The flushing mechanisms of these toilets can be conveniently accessed through a push plate.

Sanitaryware Features Guide

SHORT PROJECTION

These WCs are the perfect solution if you are short on space. They are standard toilets, but extend less. The SONAS range of Short Projection WCs allow you to maximise your space without compromising on quality and functionality.

COMFORT HEIGHT

The SONAS Comfort Height WC collection stands a little taller than regular height toilets. The additional elevation makes accessing the pan easier, and more comfortable to use.

RIMLESS

Instead of water flowing into the bowl around the rim, a direct flush technique shoots water around the edge of a smooth pan. The absence of a rim means significantly easier cleaning, enhanced hygiene, and improved flushing performance.

QUICK RELEASE

Designed for easy and efficient cleaning and maintenance, quick release seats feature a mechanism that allows for swift removal and reattachment without the need for tools. By pressing the button located on the hinges of the seat, it can be effortlessly taken off the toilet for thorough cleaning, reaching areas that are usually challenging to access.

SOFT CLOSE

Soft close toilet seats feature a mechanism that enables them to close gradually and quietly, eliminating the common issue of seats slamming shut. These seats offer a noise-free and controlled descent, enhancing overall bathroom comfort.

ECO FLUSH

An innovative flushing system, with adjustable flush volumes between 2.6 up to 4.5ltrs. These toilets are sustainably conscious by reducing water consumption and having a positive impact on the environment.

AVANTI

Designed to be interchangeable and work across multiple ranges, AVANTI coloured thin-edge ceramic basin is more than just a practical vessel for everyday use. Available in eight colours, AVANTI's soft curves and classy style are the defining characteristics of this collection.

Crafted from the highest quality material, this elegant countertop basin is built to last. AVANTI evokes a feeling of refinement and is really for anyone looking for something extra special to complement their bathroom.

Brushed Nickel

Available in selected ranges

BASIN

Basin Mixer

The basin mixer cleverly combines hot and cold water into an individual stream. This design ensures easy control of both your temperature and your flow using only a single lever.

Basin Taps

Mounted onto the basin and sold as a pair, basin taps have separate taps for your hot and cold water. Basin taps are available in both traditional and modern styles.

Cloakroom

The cloakroom is a more compact version of the basin mixer. These taps can be paired with our stunning range of cloakroom vanity units and are perfect for smaller spaces.

Freestanding

A stylish, elegant and contemporary tap choice for countertop basins without a tap hole. Freestanding taps are available in rounded or angular styles and come in chrome, matt black, brushed gold and brushed Nickel finishes.

Wall Mounted

Wall mounted taps add a touch of luxury to your bathroom. Fixed to your bathroom wall, these taps offer a seamless finish, and can be used as an alternative to a freestanding mixer where a countertop basin is used.

BATH

Deck Mounted

Deck mounted onto your bath, these taps are attached through drilled holes. A diverter allows you to switch between the bath filler or handset outlet. The inclusion of an extendable handheld shower head offers a full bathing or showering experience.

Floorstanding

Ideal for freestanding baths, these taps allow flexibility when choosing your bath position. Available in a range of stunning finishes and styles from contemporary to traditional. These taps are a first fix consideration. Please consult with your bathroom installer.

4 Hole

Deck mounted on to the bath with separate hot & cold controls with a diverter to switch to a convenient pull-out shower handset. 4 hole mixers requires an additional bath filling device such as a wall spout or overflow filler.

Thermostatic

Available in deck or wall-mounted options. Thermostatic bath mixers work on a pre-set temperature and can react to a sudden change in temperature, thereby avoiding scalding or cold shock.

FILLERS

Spout

Designed for baths without pre-drilled tap holes or for freestanding baths, spout taps are ideal for creating a neat and clutter-free solution when positioned against a wall. Spout bath fillers are available in a choice of projections and finishes.

Deck Mounted

Mounted on the bath through drilled holes, the single outlet mixes hot & cold water to achieve your desired temperature. Deck mounted bath fillers are available in a range of stunning finishes and styles from contemporary to traditional.

Overflow

Overflow bath fillers allows you to fill your bath from a device mounted at the overflow. Overflow bath fillers can be used as an intelligent space-saving solution.

Wall Mounted

These are a contemporary alternative to a conventional bath filler. Adding wall mounted fillers can effect a sleek and streamlined look and feel to your bathroom.

Standard & cloakroom basin mixers include a click clack colour coordinated basin waste. Before purchasing taps and showers always ensure your site conditions meet the minimum operating pressure requirements. Please consult your plumber.

Shower Guide

EXPOSED SHOWERS

Exposed Showers

Exposed showers are surface mounted onto the finished tiled wall in the showering area. All hand-showers, overhead rain heads, diverters and pipework are integrated into one exposed kit for greater ease.

Thermostatic Showers

A thermostatic shower valve features a special cartridge that responds to fluctuations to inlet water temperature and flow rates. These enable you to maintain a constant, safe water temperature while using your shower.

CONCEALED SHOWERS

Concealed Showers

Concealed showers require the body of the valve to be installed behind the wall, with a trim kit fixed to the finished tile. These showers create a minimalist aesthetic by creating clean lines and reducing clutter.

Dual Control – Dual Outlet

Similar in appearance to the dual control shower valve, the diverter option allows you to switch between two different water outlets. This is ideal for combining a rain head and hand shower option.

Triple Control – Dual Outlet

A triple control valve allows you to run two separate water outlets at the same time. This feature is ideal for running a rain head and body jets simultaneously. The third control adjusts the water temperature to your comfort.

Dual Control – Single Outlet

A dual control shower valve allows you to operate your shower with one single water outlet. The second control enables you to adjust the water temperature to match your desired comfort level.

Tip: We consider your choice of concealed or exposed shower valve as first fix decision. A concealed shower valve is installed in a void before tiles are installed. Choosing this option should be decided and communicated to your installer early in your decision making process.

Triple Control – Triple Outlet

A triple control valve with diverter gives the ability to run two separate outlets simultaneously, such as a rain head and body jets. The diverter also allows you to switch from a rain head to a hand shower, if needed.

Our enclosures feature state-of-the-art ClearShield technology, ensuring ease of maintenance and cleaning, while adding value to your investment. No matter the size or shape

of your bathroom, our extensive collection offers a variety of door types to cater to your needs. From spacious to compact, we have the perfect enclosure to fit any space.

Immerse yourself in the showering experience and bring a sense of clarity to your mind, allowing you to revitalise and start your day anew. Step into luxury and indulge in the ultimate showering experience with our exceptional shower enclosures.

Shower Enclosure Guide

Sliding

Sliding door enclosures are space saving in design and are available in a comprehensive range of styles and sizes. These doors can be used in recessed showers, or add a side panel to create a complete shower enclosure.

Folding Doors

Featuring an inward opening mechanism, bifold doors are an excellent option for compact bathrooms. This innovative design serves as a perfect space-saving solution, especially in smaller bathrooms where a forward-opening door could potentially obstruct fixtures located outside the enclosure.

Offset Quadrant

Boasting the same benefits as a quadrant enclosure, the offset enclosures have one side of the tray longer than the other, thereby creating the offset configuration. This allows for more room when showering, while still fitting neatly into the bathroom layout.

Quadrant

With a curved front profile, quadrant enclosures offer a generous showering experience, while allowing for additional floor space within the bathroom.

Hinged

These enclosures are hinged on one side and open outwards, giving you ample space to access your shower. Suitable for use in a recess, or add a side panel to create a full enclosure.

Pivot

Pivot shower enclosure doors open outwards, creating a spacious showering experience while making access to the shower easy. It's important to ensure there is sufficient space in front of the shower when the door pivots open.

Corner Entry

Ideal for bathrooms with limited space, corner entry enclosures serve as excellent space savers. Neatly fitting into any size bathroom, they provide a multitude of advantages. With a range of options available, there's a perfect style and size to suit your bathroom.

Shower Doors

We invite you to elevate your showering experience to new heights. Whether you seek a sleek, modern design or a space-saving solution, our collection offers a variety of shower doors that effortlessly blend with your unique taste and enhance your daily bathing experience.

With a variety of shapes, sizes, and finishes, SONAS shower doors come equipped with Clear Shield, Easy Clean glass protection, and an unwavering Lifetime Warranty. Upgrade your bathroom with the latest trend in shower door design.

Offset Quadrant Doors

Boasting the same benefits as a quadrant enclosure, the offset enclosures have one side of the tray longer than the other, thereby creating the offset configuration. This allows for more room when showering, while still fitting neatly into the bathroom layout.

Hinged & Pivot Doors

These enclosures are hinged on one side and open outwards, giving you ample space to access your shower. Suitable for use in a recess, or add a side panel to create a full enclosure.

Pivot shower enclosure doors open outwards, creating a spacious showering experience while making access to the shower easy. It's important to ensure there is sufficient space in front of the shower when the door pivots open.

SHOWER TRAYS

Welcome to our exceptional shower tray collection, where stunning design meets unrivalled functionality. Our shower trays feature textured finishes, including slate trays with a wide array of colour options, adding a touch of elegance and style to your bathroom. With built-in slip-resistant properties, safety is never compromised.

Crafted with utmost durability and quality, our shower trays are built to withstand the test of time. From compact square trays to spacious rectangular options, our collection offers a variety of shapes and sizes to suit any bathroom design and layout. Elevate your shower experience with our exquisite range of shower trays, where superior design and practicality converge.

Shower Tray Guide

Slate

Slate trays are the ultimate in luxury and style. Available in a range of shapes and sizes, they add texture and colour to your shower. Featuring a slip resistant, ultra-thin, 30mm low profile for a smooth finish.

See Pages 238 - 241

Low Profile Acrylic

Finished with a high quality, smooth white acrylic which is stylish and contemporary, comfortable to use and easy to clean. Available in an extensive range of shapes and sizes, with selected options available with integral tiling upstands.

See Page 242

Anti-slip

For added safety and peace of mind, our range of acrylic capped Low Profile and Ultracast trays are available to buy with an Anti-Slip protection applied. If choosing this option, please allow for an approximate delivery time of 4 weeks.

Your Space

Choose the right shower tray by planning ahead. Consider the footprint size you can allow for the tray, and which shape works best for your room.

We have options including square, rectangle and quadrant trays. Your tray may be installed in a recessed or flat to floor application. Choose from a host of styles including ultra-low-profile Slate, acrylic capped low-profile, or the Ultracast range.

REMOVABLE EASY ACCESS PANEL

EASY PLUMB EASY ACCESS SHOWER TRAY KIT

SONAS Bathrooms now offer an **Easy Plumb, Easy Access** kit solution across its range of **KRISTAL Low Profile** shower trays.

Loved by installers, the easy plumb installation kit features adjustable legs and loose removable access panels with a unique fastening system. Designed to raise the tray off the floor, it is ideal in applications where the shower tray waste and pipework needs to be plumbed

above the floor boards or concrete floor.

The access panels in each easy plumb kit are made to suit various sizes and therefore may need to be cut down on site to suit some tray sizes. Each panel has cut lines clearly marked to suit your tray size.

Please refer to the guide opposite to identify which easy plumb kit you require to make your shower tray **Easy Plumb**.

BATHS

Transform your bathroom into a personal oasis with our exquisite range of baths. Beyond their practicality, baths offer a multitude of benefits that elevate your bathroom design and reflect your unique personality. Versatile in nature, baths take on different personas, adapting to the individual who immerses themselves in its soothing waters. Explore the realm of wellness and hydrotherapy as you

indulge in the restorative effects of a bath. Immerse yourself in a tranquil sanctuary, a place to relax and drift away from the stresses of daily life. With our baths, you can create a personal haven where you can luxuriate, finding solace and rejuvenation. Experience the ultimate blend of style, functionality, and well-being, all within the embrace of your own bathroom.

Bath Guide

Freestanding

Create the "wow" factor in your bathroom with one of our stunning freestanding baths. Suited to all spaces, they create a spa-like, luxurious aesthetic. Freestanding baths grant the freedom to place the bath anywhere in your bathroom.

Corner/Offset Baths

The ideal solution for space saving. Corner/Offset baths do not require a long wall as straight baths do, so can be neatly tucked into corners where another bath may not fit. These baths are available in left or right-hand orientation.

Endura Baths

For added durability, our range of Endura baths offer additional layers of GRP Reinforcement compared to a standard bath. Endura baths are available in double and single-ended options.

Straight Baths

Straight baths are a popular and versatile option. Typically wall fitted, they are available in single or double ended styles. Double ended baths have taps fitted along one side of the bath, while single ended have taps at one end.

Shower Baths

Shower Baths are the perfect balance of luxury and practicality. There are 2 styles to choose from: P-shape and L-shape. These baths are wider at the showering area for comfort when standing. Both are available in left or right-handed orientation.

Whirlpool Baths

Luxurious and affordable, whirlpool baths are great for your well-being. Choose from 8 or 12 jets, with the option of an Aqua Light for added opulence. All SONAS Bathrooms acrylic baths are compatible with our whirlpool systems* excluding freestanding baths.

HEATING

Elevate your bathroom comfort and experience luxurious warmth with our stylish range of heated towel rails and radiators. Not only do they provide a cosy and comfortable environment, but they also add to the overall aesthetics of your space. Our collection of heated towel rails and radiators is built with enduring quality and compliance, ensuring peace of mind for homeowners.

With rigorous testing and adherence to industry standards, you can trust that our products deliver superior performance and longevity. Choose from vertical or horizontal designs to suit your bathroom layout and maximise space efficiency.

Our ranges also offer a wide selection of stunning finishes, such as chrome, matt black, brushed gold, and brushed nickel, allowing you to effortlessly complement your bathroom decor and create a cohesive design. Treat yourself to the ultimate indulgence by stepping into a warm and inviting bathroom. Explore our beautiful range of heated towel rails and radiators and enhance both the functionality and style of your space. Embrace the comfort and elegance that our collection has to offer and transform your bathroom into a haven of relaxation.

Radiator Guide

Vertical

Vertical heated rails make the most of your available wall space, allowing you to choose a wider vanity unit or shower enclosure. These rails offer a striking focal point and are available in innovative contemporary designs.

Horizontal

Horizontal heated rails are neat, compact and perfect for placing under windows. This is usually the coldest place in the room. Placing a heated rail here will protect against the cold and makes good use of your wall space.

Stainless Steel Towel Warmers

Stainless steel is a versatile, strong, and durable material that is resistant to rust and corrosion. Easy to clean, it has a modern appearance, and is environmentally friendly, making it ideal for everyday life.

Ladder

Ladder heated rails are a stylish bathroom staple. These rails are available in three colour options and a variety of sizes. Ladder heated rails offer a sleek and minimalistic look, keeping your towel snug, warm and ready for use.

Speak to your qualified installer about your heating system type and the BTU requirement. BTU (British Thermal Unit) is the measurement used to calculate how much heat output is needed to warm a room. It's important that this is calculated accurately, to make sure your comfort level matches your space.

Brushed Gold

ARYA Stainless Steel Towel Warmers

Polished Steel Matt Black Brushed Gold Brushed Nickel

Experience the ultimate bathroom upgrade with our ARYA range of stainless steel towel warmers. Crafted from high-quality stainless steel, a strong and durable material, they offer longevity and exceptional heat distribution.

No more waiting for your towels to warm up on chilly mornings. Efficient heat distribution is the key feature of the ARYA range. With rapid heating capabilities, the range provides you with warm towels in a matter of minutes.

What truly sets the ARYA range apart is its remarkable durability and efficiency. Corrosion-resistant, they will maintain their pristine appearance over time, ensuring a long-lasting investment for your bathroom.

Say goodbye to standard radiators and embrace the benefits of premium quality stainless steel.

TECHNICAL SPECIFICATION

We know precision is an important part of planning your dream bathroom, that's why in the following section we have collated specific technical information on the **SONAS Bathrooms** products featured in this brochure.

All the basic detail and information you require is presented in an easy to use format, however should you require any further information or general advice, please do not hesitate to contact your approved **SONAS** dealer.

Planning tips to help you design your dream bathroom

- 1 Measure your bathroom carefully. Using our grid on the opposite page draw out your bathroom space to scale.
- 2 Accurately mark out all fixtures such as doors, windows and radiators, also making note of which way and how much the door protrudes into the room.
- 3 Draw in shapes to best represent your bathroom items: wc, basin etc.

Using the scale 1 square = 100mm

PRODUCT WARRANTIES

At SONAS Bathrooms our products have become the benchmark for others to follow. Our ranges are specifically tailored to meet the requirements of Homeowners, Installers and Trade Professionals.

All our products are manufactured to appropriate industry standards and where required to the necessary EN and UKCA standards. For your additional peace of mind, we fully support our product warranties with our technical support and spare parts after sales service.

In the event that you do encounter a problem with a SONAS product please contact us with the details of the fault and a proof of purchase from the SONAS dealer where the item was bought and we will do the rest. All after sales or technical queries can be emailed directly to info@sonasbathrooms.co.uk which will be answered by one of our in-house qualified plumbing advisors.

be destroyed but should be retained for inspection. Photographic or video media of the product in the installed situation may be requested. Suitable access must be provided in order to reasonably and cost effectively allow for a product to be repaired or replaced under Warranty. SONAS Bathrooms will not be responsible for reinstallation of products that are tiled in to areas without suitable access.

Exclusions of Warranty

- Incorrect installation not in accordance with fitting instructions and best plumbing practice.
- Failure to care for and maintain product as per care & maintenance guidelines.
- Improper use of product not in accordance with the intended use and limitations of the product specifications.
- Wilful or negligent damage.
- Damage caused by specific environmental circumstances, excess or negative pressure in the line, insufficient operating pressure as per the product technical specifications, limescale or hard water, aggressive cleaning agents or chemicals.
- If excess water levels are found in vanity units.
- Scratches or defects reported post installation.
- Products that are fitted and then reported damaged.
- Ex display items.

Please note that above Warranty and extended warranties are applicable for goods installed in a domestic environment with reasonable usage. Any item installed in a public or commercial area will be subject to 1 Year Warranty. Faults must be reported within the respective Warranty period from proof of purchase date.

Warranties are limited to product defects and failures arising from the manufacturing process and does not apply to products that have been damaged as a result of transit, misuse or incorrect installation.

While all products are subject to quality control checks by the manufacturer, from time to time a product or batch of products may enter the market that does not meet the necessary quality standard. SONAS Bathrooms will replace any product with a visual defect or that is manufactured outside of the allowable tolerances according to EN standards, however; all products must be checked for these defects by the installer as SONAS Bathrooms will not be responsible for any refitting or refitting costs associated with replacing the product.

SONAS Bathrooms must be given reasonable opportunity to inspect the product in the installed situation, if removed the product must not
